October 2010

Fellow Republicans

When asked about Glenn Beck's rally in Washington D.C. on August 28th, President Barack Obama said that he simply "ignored it." Ignoring the American people is the one thing that the President and democrats have been doing quite well over the past two years. On Tuesday, November 2nd, the people of this country have an opportunity to send a message that will be impossible for President Obama to ignore! This election will determine whether or not we continue, as a state and a nation, on a course that has veered far to the left. This election offers us the chance to slow down the reckless spending of our government both in Harrisburg and Washington. We have the ability to replace Governor Ed Rendell with Attorney General Tom Corbett and fill Senator Arlen Specter's seat with former congressman Pat Toomey. I have met and worked with both Tom and Pat and I am convinced that these men are right for Pennsylvania in these troubling political times. They are both conservatives who understand that difficult choices must be made in order to protect our children and grandchildren from the unsustainable and crushing debt that is being incurred under the current administrations. While both of these candidates hold leads in the polls, we must not take anything for granted! Victory will not be achieved unless all of us finish this race as strong as we started so many months ago. I also feel the need to emphasize that there is no such thing as a perfect candidate. We must realize that we will never agree with any single person on every single issue...and that's okay! What I hope that we will agree on is that we need public servants who are more concerned with the needs of their constituents and less concerned about re-election. In Rendell and Specter, we witnessed how much damage self-serving politicians could bring upon a state. However, Tom Corbett and Pat Toomey will bring a fresh attitude to these offices and I believe will represent the people of Bedford County very well. In a state that is the home to a city such as Philadelphia, it feels as though our area has very few opportunities to make a difference. Please know that if the counties such as Bedford turn out in record numbers and work as hard as we ever have in getting our friends, neighbors, and colleagues to the polls, we will secure a landmark victory on November 2nd. If you wish to assist in any way during the last few weeks of the campaign, please contact me. We need poll workers on Election Day, so if you could spare a few hours of your time I know that it would make a difference and I would be very grateful.

Thoughts from Tonya PA State Committeewoman

As I reflect on the Fall State Committee meeting, this quote keeps coming to mind;

“That this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth.” – Abraham Lincoln

Almost 150 years ago, Abraham Lincoln gave a two minute speech, known as the Gettysburg Address, which totally captured his vision for this country. He reminded those in attendance of the importance of liberty and equality and to not forget to pay tribute to those who so willingly gave their lives to protect the rights and freedoms of our nation. He encouraged them to come together for a common purpose, that being; a government of the people, by the people and for the people.

Our featured speaker at the fall meeting was John Boehner, Congressman of the 8th Congressional District in Ohio and House Republican Leader. As Congressman Boehner spoke, I couldn't help but think of the similarity of the speech Lincoln gave and what Congressman Boehner and our Republican Candidates were saying; We need to come together to protect the very principles that this country was founded on. Just as the people did many years ago, we have the opportunity to turn this country around. But we must utilize one of the most important rights that we have, the RIGHT TO VOTE.

So with less than 2 weeks until election, I am asking you to talk to your friends, your neighbors and your family. Encourage them to get out and vote; it is vital to the future of this country and to the future of our children and grandchildren.
